- Autorizar a la Dirección de Administración y Finanzas a transferir los recursos indicados a nombre de la Tesorería General de la República de Chile, Rut 60.805.000-0, a través de la plataforma de dicha unidad, correspondiente a reintegro de recursos transferidos y que no serán utilizados.
- La Secretaría Municipal deberá confeccionar el Decreto Alcaldicio correspondiente.

Se extiende el presente certificado para la Dirección de Administración y Finanzas, Secretaría Comunal de Planificación, Departamento de Control, Administración Municipal y Alcaldía.

VILLA ALEMANA, 24 de noviembre de 2025

**PATRICIO TORRES PALOMINOS**  
Secretario Municipal

The first part of the report deals with the general situation in the country. It is noted that the economy is still in a state of depression, and that the government is facing a serious financial crisis. The report also mentions that the government has taken certain measures to deal with the situation, but that these measures are not sufficient to bring about a recovery.

The second part of the report deals with the situation in the various provinces. It is noted that the situation is generally similar in all provinces, with a general decline in production and a corresponding increase in unemployment. The report also mentions that the government has taken certain measures to deal with the situation in the provinces, but that these measures are not sufficient to bring about a recovery.

The third part of the report deals with the situation in the various industries. It is noted that the situation is generally similar in all industries, with a general decline in production and a corresponding increase in unemployment. The report also mentions that the government has taken certain measures to deal with the situation in the industries, but that these measures are not sufficient to bring about a recovery.

The fourth part of the report deals with the situation in the various sectors of the economy. It is noted that the situation is generally similar in all sectors, with a general decline in production and a corresponding increase in unemployment. The report also mentions that the government has taken certain measures to deal with the situation in the sectors, but that these measures are not sufficient to bring about a recovery.

The fifth part of the report deals with the situation in the various regions of the country. It is noted that the situation is generally similar in all regions, with a general decline in production and a corresponding increase in unemployment. The report also mentions that the government has taken certain measures to deal with the situation in the regions, but that these measures are not sufficient to bring about a recovery.

The sixth part of the report deals with the situation in the various districts of the country. It is noted that the situation is generally similar in all districts, with a general decline in production and a corresponding increase in unemployment. The report also mentions that the government has taken certain measures to deal with the situation in the districts, but that these measures are not sufficient to bring about a recovery.

The seventh part of the report deals with the situation in the various municipalities of the country. It is noted that the situation is generally similar in all municipalities, with a general decline in production and a corresponding increase in unemployment. The report also mentions that the government has taken certain measures to deal with the situation in the municipalities, but that these measures are not sufficient to bring about a recovery.

The eighth part of the report deals with the situation in the various villages of the country. It is noted that the situation is generally similar in all villages, with a general decline in production and a corresponding increase in unemployment. The report also mentions that the government has taken certain measures to deal with the situation in the villages, but that these measures are not sufficient to bring about a recovery.

The ninth part of the report deals with the situation in the various hamlets of the country. It is noted that the situation is generally similar in all hamlets, with a general decline in production and a corresponding increase in unemployment. The report also mentions that the government has taken certain measures to deal with the situation in the hamlets, but that these measures are not sufficient to bring about a recovery.

The tenth part of the report deals with the situation in the various hamlets of the country. It is noted that the situation is generally similar in all hamlets, with a general decline in production and a corresponding increase in unemployment. The report also mentions that the government has taken certain measures to deal with the situation in the hamlets, but that these measures are not sufficient to bring about a recovery.
